

Faculty/Professional Development Program Feedback Form

Please keep *these and your own goals* in mind as you answer the questions below:

1. Provide *context and perspective*, national and local, on your institution's efforts to improve teaching and learning with technology.
2. Lay the *foundation for ongoing professional development* programs to support faculty efforts to improve teaching and learning with information technology – especially using online “hybrid” options to serve large(r) groups of students and to enhance collaborative group work among students and among faculty.
[Special emphasis may vary to reflect institutional goals!]
3. Introduce/launch a *4-stage incremental course improvement model*.
4. Introduce a variety of *approaches, tools, resources, and conceptual frameworks* to help participants with #2 & 3 above.
5. *Facilitate the beginnings* of individual and/or small group incremental course improvement projects (with the potential to lead to full course development projects).

Please take a few minutes to answer these questions about how well we are meeting your expectations and what we should do next.

1. Today's date:
2. Which one or two items or activities have been most helpful so far?
3. Which one or two items or activities have been least helpful so far?
4. What else would you like to accomplish? Within a few days? Weeks? Months?
5. Any additional topic or concern, which you haven't had a chance to raise, still on your mind? Something you would like to have addressed later during this academic year?
6. WHEN and HOW/WHERE would you like to reconvene this group and/or continue working together? Face-to-face where and when? Online how and when?
